

DOMO 2-2

Code: K622

Description

Colourful snail-inspired play equipment with a slide, where kids can enjoy hours of fun. Crafted from high-performance, weather-resistant welded stainless steel construction without clamps, this equipment is built to last.

The four bent posts feature spherical decorative elements that resemble snail horns, adding a playful touch to the design. The slide, tower, and railings are durable HDPE boards that withstand even the most active playtime. To ensure maximum safety, the floor is made of an HPL panel with an anti-slip texture, preventing it from heating up in the sun or freezing during winter. This feature makes it ideal for year-round playtime. Parents can rest easy knowing that this playground set complies with the EN 1176 norm, ensuring that all safety standards are met.

So let your kids climb, slide and play to their hearts' content with our snail-inspired play equipment. With its durable construction, playful design, and focus on safety, this playground set is sure to be a hit with kids of all ages!

* All stainless steel Limako products are available in galvanized and powder painted version.

Playground device consists of

- 8 x construction pipes (including four bent ones), finished with spherical decorative elements that resemble snail antennae,
- 2 x towers with an openwork arched roof,
- 1 x slide made of stainless steel,
- 1 x bridge connecting two towers, in the form of metal pipes and four wheels mounted on them,
- 1 x climbing wall with holes,
- 2 x straight ladders, one for each tower,
- 1 x straight pipe.

Product details
