

RIDO 2

Code: K802

Description

Playhouse with two benches and walls with holes. The design takes its inspiration from the shape of a snail. A high-performance, weather-resistant welded stainless steel construction (no clamps used). The posts are finished with spherical decorative elements so that the appliance resembles snail horns. The walls and benches are made of HDPE board. The playground set complies with EN 1176 norm.

Colourful playground sets dedicated to children age 1-5 years old.

* All stainless steel Limako products are available in galvanized and powder painted version.

Playground device consists of

- 4 x construction pipes, finished with spherical decorative elements
- 2 x walls with a snail-shaped hole with graphics, can be used as a fun tunnel
- 2 x benches with handles made of HDPE boards
